Arrival/Release Time

- Roncalli STEM Academy follows the district calendar for D60 Middle Schools, which can be found on the Pueblo School District 60 website. The bell schedule and calendar of instruction are included at the end of this handbook and are posted on the school website.
- The office is available for business 8:20 AM – 4:30 PM Monday through Thursday on days that the school is open to students for instruction through **phone or email only**. If there is an emergency or you feel an in-person meeting is needed, please contact the office first to set up an appointment.
- **Classes begin at 8:30 and end at 4:20 Monday-Thursday, but students may arrive and be let into the school at 8:15. All entering the school must have their temperature checked and be verbally screened for health symptoms, and we will begin this process as students arrive.**
 - Staff are on duty at assigned entry doors beginning at 8:15.
 - Staff are on duty to supervise inside the building in classrooms at 8:15.
 - Students who are dropped off by other than district busses should plan to arrive between 8:20 and 8:25.
 - Busses are scheduled to arrive no later than 8:25.
 - **Students will not be allowed to remain outside before school and should not be congregating with peers as they are coming into the school.**
- School closures or late starts are reported on local television/radio news programs early in the morning. Late start schedule is included at the end of this handbook and posted on the school website.
- Due to Covid-19, parents and/or guardians are asked to refrain from walking their children up to the school or coming up to the school to pick them up at the end of the school day.
- If you need to sign your child out from the school, there will be a sign out located in the front lobby of RSA located inside the first set of the school's front doors. Signs will be posted for your convenience.

Attendance

Absences: Call 549-7450

If a student will be absent, a call must be made to the school office (549-7450) by 10:00 AM to notify the school secretary of the reason for absence. It is recommended that a doctor's note always be obtained if the absence was because of a doctor's appointment. Please see School Conduct and Discipline Code (File JB, JEA, JH, JH-R, and JHB).

Leaving Early: Call 549-7450

When a student needs to be excused from school before the end of the school day for a doctor's appointment, funeral, or other reason, the student must be signed out in the Main Office, by a Parent/Guardian or other contact listed in Infinite Campus and with appropriate picture ID.

Tardy Arrival: Call 549-7450

Arriving to school on time allows students to begin their day positively. In extreme or unusual circumstances, students may be tardy. A doctor or dental care provider note must accompany a student who claims excused tardy arrival because of an appointment.

If a student arrives late he/she must check in with the office to obtain a pass before proceeding to class. Tardy arrival is tracked and will eventually result in a family conference to resolve barriers to punctual arrival, if needed. Consequences can also be assigned to students arriving late between periods. Chronic tardy arrival translates into absences and will result in the same response as truancy.

Students will be counted as tardy if they are not in the correct class when it is time for instruction to begin. Teachers will record tardy arrival when the bell rings and re-check the list ten minutes after instruction begins.

Definitions related to absence/tardy arrival:

- **Excused Absence** shall mean a student who is temporarily ill or injured for whom absence is approved by the school administrator.
- **Unexcused Absence** shall mean a student who is not temporarily ill or injured, is absent without a valid/verifiable reason, or is not approved by the administrator.
- **Habitually Truant** shall mean a student who accrues four unexcused absences in one month or 10 unexcused absences in a school year.
- **Tardy** shall mean a student who arrives after the instructional period begins. This will apply to students who leave prior to the completion of the instructional period as well. A tardy is determined excused or unexcused by the school administrator.

**** 10 minutes after instruction begins tardy arrival is counted as an absence.**

- There are *two* minutes between classes during which students may proceed from one class to another.
- A request to leave class to use the restroom is something that any student may expect to be honored as long as an excessive pattern of absence from instruction does not impact learning. Passes are strongly discouraged during the first 10 and last 10 minutes of each class.
 - Parents/guardians who believe that there is a compelling health reason for their student to use the restroom such that this results in excessive absence from class and impacts student learning should work with the principal to determine if home tutoring may be an option that better matches health needs.
- Any request for a student to seek assistance (from a nurse, counselor, school secretary, another teacher, etc.) must come from the teacher of the class where the student is due to report at that time. Unless an urgent health emergency prevents a student from seeking permission from the classroom teacher first, a student must go to class first and NOT expect to be excused from arriving tardy to class.

Students may request school work missed upon return to school. If you are going to be absent for three days or more and would like your homework assignments, have your parent or guardian call 549-7450. In order to meet your request, please give one day to get all of the assignments and place your call before 10:00 a.m. to ensure that work is ready by the end of the day.

- There shall be at least two days allowed for make-up work for each day of excused absence.
- Make-up work shall be provided for any class in which a student has an excused absence.
- Final decisions regarding a student's ability to make up work, as well as the credit received, are left to the building administrator and/or their designee(s).

Hall Passes

Students must receive a written hall pass from their teacher and sign out of the teacher's classroom log. The pass will be color coded to match the hallway color.

10-10 Rule - *besides emergencies* - hall passes will not be issued to students during the first 10 minutes and last 10 minutes of class.

No Pass List - students who are excessively in the hall or violate expectations can be placed on a "no pass" list. These students will need an escort to leave class.

Parent/Student Portal

Students will be expected to demonstrate responsible care of the device during the course of the school day. Popping off keys, rough care, marking on or damaging the device in any way may result in school fines and/or loss of use of school devices. Students will not be allowed to take the device from the school and be expected to check it into their homeroom before leaving the school. Fees will be assessed for excessive damage to student devices while in their care.

Athletics

Change of Schedule Procedures

At Roncalli STEM, we strive to provide students opportunities to participate in Core classes including ELA, math, science, social studies and electives. We understand there may be a circumstance where a student may feel a need to change a schedule due to certain circumstances. **Due to the nature of the current school year, schedule changes will not be allowed until deemed safe and only in emergency situations.** There is a deliberate system to creating student groups, so in order to change a student schedule, the following process will be required and followed:

1. Parent will contact the student's teacher by phone or email to discuss student concerns.
2. Parent will request a meeting with teacher, counselor, and/or administration, if necessary to discuss concerns and try to problem-solve the concern.
3. If the plan isn't successful over a period of time, parent and student will complete a schedule request form and make an appointment with a counselor or administrator to discuss the request.
4. Administration will review the plan, request and teacher recommendations and make a determination if a schedule change is in the student's best interest.
5. Final decisions will be made by administration or administrative appointed designee.
6. Depending on time/date of transfer, grade given may be reflective of the previous teacher/class.
7. Administration reserves the right to refuse schedule changes due to safety of staff/students.

Cell Phones and Electronic Devices

Roncalli STEM Academy complies with District policy on Student Use of Electronic Communication Devices (JICJ). Communication Devices include: cell phones, earbuds, walkie-talkies, headphones, and/or any other telecommunication device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor.

- The Board of Education recognizes that Electronic Communication Devices can play a vital communication role during emergency situations. However, ordinary use of Electronic Communication Devices in school situations disrupts with the learning process and is not acceptable. **Cell phones must be turned off inside School buildings and kept in lockers, phones must be turned off on school buses, at school sponsored activities, and on field trips.** Per School Board policy (JICJ), under all circumstances students shall be personally and solely responsible for the security of their cell phones and personal electronic devices. Pueblo School District 60, aka-Pueblo School District 60, shall not assume responsibility for theft, loss, or damage of any such device and will not be responsible for investigation of such incidents. Parents/guardians may leave important messages for their student through the main office. This message will be delivered to the student at a time when it will not interrupt instruction. Students may use the office phone in cases of serious need. Consequences for violations of this policy are as follows:
 - **1st Offense:** The device shall be confiscated, secured and transferred to the appropriate school administrator or secretary. The device may be released to the student upon review of this policy. *
 - **2nd Offense:** The device shall be confiscated, secured and transferred to the appropriate school administrator or secretary. The device may be released to the parent/guardian upon review of this policy with the parent/guardian. *

- **3rd Offense:** The offense shall be considered disruptive behavior and defiance of authority. The device shall be confiscated, secured and transferred to the school administrator or secretary. The confiscated electronic device may remain secured **until the end of the school year**. The student will lose the privilege of bringing the electronic device to school. Other consequences may include lunch detention and possible school suspension for continued violation of this policy. *

**** If a student refuses to give the device to staff, this will be considered defiance of authority resulting in a referral and consequences such as lunch detention or possible suspension assigned.***

Counseling Services

- The Counseling Department is committed to helping students develop educational, social, career, and personal strengths to become responsible and productive citizens. Our counselors provide individual connections and programs that focus on reducing the effects of environmental and institutional barriers that may impede individual academic success through assertive advocacy.
- Students are supported to establish a Major Clarity account to develop an Individual Career and Academic Plan.
 - This process begins in the 6th grade and becomes more focused over time.
 - Once established, a Major Clarity account can be accessed from any computer at any time and can be relied upon as a free support to all individuals as they advance on a pathway to desired career goals. Students can continue to log in for free support into adulthood.

Discipline Procedures

Every student has the right to expect school to be a safe, orderly, and positive place to learn. Professional behavior in students is described in a Code of Conduct adopted by Pueblo School District 60 District 60 Board of Education. Students receive a copy of the Code of Conduct and are expected to honor the requirements set forth in that document. Additional copies of the document are available in the main office. Families are expected to review the Code of Conduct with their student; contact the principal with questions related to these expectations.

Teacher Authority and Responsibility - The teacher has the authority and responsibility to maintain discipline in the classroom consistent with district and school policy. Fair policies will be established, announced, and consistently enforced. When a problem occurs, a teacher may:

- Confer with the student.
- Confer with the student and parent.
- Use appropriate classroom discipline, which may include, but is not limited to: removal from the group, withholding privileges, and conference after school hours.
- Discipline problems that need further attention can be referred directly to the counselor, assistant principal, or principal.
- Teacher will make an effort to contact the parent within 24 hours of the incident.

Positive Behavior Intervention Support (PBIS)

- PBIS is a systemic approach to supporting student behaviors that contribute to a safe, respectful learning environment. All staff members adhere to school-wide expectations to teach and reinforce positive behaviors. We are committed to treating one another with respect. Systematic practices are designed to develop genuine positive relationships. Roncalli STEM Academy staff members are as committed to capturing kids' hearts as they are to igniting their passion for thinking and learning.

Out of School Suspension: Students who continue to experience difficulty or who engage in behavior that threatens the safety and welfare of others may be referred for In School Suspension (ISS), Out of School Suspension (OSS) or expulsion.

Alternative Responses: Alternatives to suspension (ATS) and expulsion (ATE) can be arranged. These alternatives require a serious commitment on the part of students and families. ATS/ATE includes individually designed assignment to an intervention related to the difficulty resulting in discipline:

- Restorative Justice Process
- Restitution to compensate for damaged, stolen, or lost property
- Drug & alcohol counseling and/or education
- Anger management/conflict resolution counseling
- Community service for both student and parent/guardian

Fighting/ Harassment

Anything that threatens the safety of anyone will result in disciplinary action. This includes threats/intimidation and harassment as defined by adults, not the perpetrator. Interventions include parent/guardian notification and a report to police. Consequences can be as minimal as counseling or as severe as recommendation for expulsion. Fighting or physical assault is grounds for suspension or expulsion.. (In rare cases a student may be found to be in self-defense.) If the principal/assistant principal(s) concludes that a student was involved in instigating or participating in a fight, that student will be immediately sent home to protect all involved and may be suspended. Students are expected to actively discourage fighting or harassment and to report such activities. Helping others to stay out of trouble is part of good citizenship. Bystanders in these situations are not without guilt and will be subject to disciplinary measures if they fail to take reasonable measures to prevent violence or harassment.

Bullying/Harassment

The "No Bully" intervention process is used to stop bullying when it occurs. The student being bullied is referred to the No Bully Coordinator or a School Counselor, who does an intake and then starts the solution team process, if necessary. Solution teams consist of RSA teachers and students who have been trained to deal with bullying. Follow-up steps in the No Bully Process are followed as necessary. Please contact Krystal Reed, "No Bully" Coordinator at 582-0509 for more information. Please sign and return the No Bully parent/student agreement included in the Handbook to RSA.

Searching for Illegal Drugs and Weapons

We will search students, per policy, with probable cause. We will notify parents after the search has taken place. The searches are designed to locate illegal drugs and weapons.

Emergency Procedures

- **Lock Down/Fire Drills:** RSA Staff and students are aware of the procedures in place during a Lockdown/Fire drills. Drills are held throughout the year to prepare for any incident that may occur.
- **Evacuation Drills:** Students and staff members practice evacuating the building as required by law. An alarm will sound/warning lights will flash – teachers will direct students to the correct exit. Move quickly, in a calm orderly manner to the nearest evacuation center. Follow teacher directions. Stay with your class. Each drill could be the real thing; take it seriously.
- **Safety:** Observe all traffic regulations and safety rules posted in loading zones, on the school grounds, in the cafeteria, halls, and classrooms.
- **Restricted Areas:** During the school day, from first to final bell, stay inside the building unless supervised by a teacher. At lunch time, students may go out the auxiliary gym where supervision is in place. Areas around the sides or behind the building are not supervised and therefore restricted. Going into restricted areas is considered trespassing and will result in disciplinary action or police involvement.
- **Bicycles and Skateboards:** Park and lock bicycles in the school bicycle racks. Bicycles are the responsibility of their owners. Bicycle racks are off limits to all students during school hours. Bicycles must be dismounted and walked on school grounds. Dismount and carry skateboards on school grounds. Keep skateboards in your locker until the final bell rings.

School Supplies

Students are expected to bring basic materials for learning to school every day.

- Pens, pencils, erasers, and binder paper are required.
- Backpack will be necessary for every student as they will not be assigned lockers for the 2020-21 school year.
- A reusable water bottle will be provided and necessary for the 2020-21 school year. Water fountains will be available for filling of water bottles only. We ask that all students fill their water bottle at home prior to arriving at school. There will be opportunities for students to refill their water bottle at school.
- Other materials may be required by individual teachers. Each teacher will provide a list of required materials.

Prohibited Items

The focus at Roncalli STEM Academy is academic success. When students bring items to school which distract from the learning environment, or cause safety concerns, that interferes with the learning environment.

- Weapons of any kind or items that can be used as a weapon will be confiscated and appropriate disciplinary actions will be employed.
- Other prohibited items include but are not limited to: IPODs/MP3s, handheld gaming devices
- Laser pointers
- Permanent markers
- Playing cards, spinners, trading cards, silly putty, slime
- Items bought for resale, gum, candy, and any drink other than water .

*The school is not responsible for items that are lost or stolen and will not devote time searching for these items. Items considered a distraction to the learning environment may be confiscated until the end of the year.

Lockers

- Students will not be assigned a lock and locker this school year.
- Personal locks are not allowed on school lockers and will be cut off when identified as personal.
- Backpacks will be necessary this 2020-21 school year to house student technology, text books, and school supplies.

Lost and Found

- Students who find something that appears to be lost should turn it in at the office.
- Students are advised to label all personal items with permanent marker.
- Do not bring cash or valuable items to school except as necessary. Students who bring cash to school for a fundraiser event should turn it into the sponsor as soon as possible – preferably before school begins for the day.
- RSA *is not liable* for personal items lost, damaged, or stolen at school.

***** School staff members do not attempt to recover lost or stolen valuables. The best plan is to keep them at home.**

Medication Distribution/Illness or Injury at School

Fill out the emergency data card completely. This is very important. If there is a change after the card has been submitted, let the office know.

- First aid for minor issues is available at school.
- In case of serious injury or illness, a student's home is phoned first. If a parent or guardian cannot be reached at that number, the person(s) listed on the emergency data cards are called next. If there is no response at these numbers, the family physician is contacted. If the family physician cannot be reached the student will be taken to the emergency room of the hospital indicated on the emergency data card.
- Medications should be administered at home. If, under exceptional circumstances, a student must take oral medication during school hours and a parent or guardian cannot be at school to administer the medication, only the principal's designee will administer the medication in compliance with regulations established by the district. Current (no more than 6 months old) written instructions that have been signed by both parent/legal guardian and physician are required to be on file. A specific form is available in the main office.

To the parent/guardian of students that have/had an IEP or IFSP

**Colorado Department of Education
School Health Services Program
Notification to Access Benefits**

The Department of Health and Human Services sponsors a program allowing our district to seek reimbursement for health-related services provided to children with Medicaid health insurance. This program helps our district to maximize federal funds for support of additional health services in our schools.

The Colorado Department of Education and the District will request parental permission to provide health related services to each child and to release and exchange medical and other confidential information, as necessary, to the Department of Health Care Policy and Financing (Medicaid), whether directly or through a contracted billing agency, for health services provided to each child after the date of this notification. Information released may include personally identifiable information, records, or information about the services which may be provided to each child. The purpose of the disclosure is to access the child's public benefits to receive Medicaid reimbursement for said services.

The District, the Department of Health Care Policy and Financing, and the contracted billing agency, if any, require my permission to send claims to Medicaid and receive payment from Medicaid for health related services as set forth in my child's IEP or IFSP.

Medicaid reimbursement for health related services provided by the district and the Colorado Department of Education will not affect any other Medicaid services for which a child is eligible. Each child will receive the services listed in the IEP regardless of whether or not a child is enrolled in public benefits. If a parent refuses to allow access to the Department of Health Care Policy and Financing, it does not relieve the District of its responsibility to ensure that all required services are provided to the child at no cost to the parent.

The granting of consent is voluntary and may be revoked at any time. If a parent later revokes consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked).

The District and the Colorado Department of Education will operate under the guidelines of the Family Educational Rights and Privacy Act (FERPA) to ensure confidentiality regarding each child's treatment and provision of health related services.

Dear parents/guardians of students in Colorado kindergarten - 12th grade schools for the 2020-21 school year:

We know you're thinking of all the things you need to do to make sure your student is ready for school. Getting vaccinated is an important part of their school readiness and keeps children from catching and spreading diseases that can make them sick. We wish you and your student a healthy school year!

Required and recommended vaccines

- Colorado law requires students who attend a public, private, or parochial kindergarten - 12th grade school to be vaccinated against many of the diseases vaccines can prevent, unless an exemption is filed. For more information, visit colorado.gov/cdphe/schoolrequiredvaccines (or cdphe.colorado.gov/schoolrequiredvaccines). Your student must be vaccinated against:
 - diphtheria, tetanus & pertussis (DTaP, DTP, Tdap)
 - polio (IPV)
 - measles, mumps, rubella (MMR)
 - hepatitis B (HepB)
 - varicella (chickenpox)
- Colorado follows recommendations set by the Advisory Committee on Immunization Practices. Students entering kindergarten must receive their final doses of DTaP, IPV, MMR and varicella. Students entering 6th grade must receive one dose of Tdap vaccine, even if they are under 11 years of age. You can view recommended vaccine schedules for children 0 - 6 years of age at cdc.gov/vaccines/parents/downloads/parent-ver-sch-0-6yrs.pdf and preteens/teens 7 - 18 years of age at cdc.gov/vaccines/schedules/downloads/teen/parent-version-schedule-7-18yrs.pdf.
- Vaccines are recommended for hepatitis A, influenza, meningococcal disease and human papillomavirus, but are not required.

Exclusion from school

- Your student may be excluded from school if your school does not have an up-to-date vaccine record, exemption, or in-process plan for your student on file.
- If someone gets sick with a vaccine-preventable disease or there is an outbreak at your student's school and your student has not received the vaccine for that disease, they may be excluded from school activities. That could mean lost learning time for them and lost work and wages for you. For example, if your student has not received a measles-mumps-rubella (MMR) vaccine, they may be excluded from school for 21 days after someone gets sick with measles.

Have questions?

- You may want to talk to a healthcare provider licensed to give vaccines or your local public health agency about which vaccines your student needs or if you have questions. You can read about the safety and importance of vaccines at SpreadTheVaxFacts.com, ImmunizeForGood.com, and colorado.gov/cdphe/immunization-education (or cdphe.colorado.gov/immunization-education).

Paying for vaccinations

- If you need help finding free or low-cost vaccines and providers who give them, go to COVax4Kids.org, contact your local public health agency, or call the state health department's Family Health Line at 1-303-692-2229 or 1-800-688-7777. You can find your local public health agency at colorado.gov/cdphe/find-your-local-public-health-agency (or cdphe.colorado.gov/find-your-local-public-health-agency).

Vaccination records

- Please take your student's updated vaccine record to school every time they receive a vaccine.
- Need to find your student's vaccine record? It may be available from the Colorado Immunization Information System. Visit COVaxRecords.org for more information.

Exemptions

- If your student cannot get vaccines because of medical reasons, you must submit an official *Immunization Medical Exemption Form* to your school, signed by a health care provider licensed to give vaccines. You only need to submit this form once, unless your student's information or school changes. You can get the form at colorado.gov/vaccineexemption (or cdphe.colorado.gov/vaccineexemption).
- If you choose not to have your student vaccinated according to the current recommended schedule because of personal belief or religious reasons, you must submit a non-medical exemption to your school. Non-medical exemptions must be submitted annually at every new school year (July 1st through June 30th of the following year). The easiest way to file a personal or religious exemption is by using our online or downloadable non-medical exemption form available at colorado.gov/vaccineexemption (or cdphe.colorado.gov/vaccineexemption).

How's your school doing on vaccinations?

- Some parents, especially those with students who have weakened immune systems, may want to know which schools have the highest percent of vaccinated students. Schools must report immunization and exemption numbers (but not student names or birth dates) to the state health department annually. Immunization and exemption rates can be found at COVaxRates.org.

Please share Page 2 of this letter with your student's health care provider as it provides helpful information about vaccines required for school entry, per Colorado law.

School Breakfast & Lunch Program

Pueblo School District 60 is participating in a Universal Lunch and School Breakfast Program for the current school year (2019-2020). If your children attend Pueblo School District 60, Pueblo School for the Arts and Sciences or Chavez Huerta Preparatory Academy, breakfast and lunch will be available to them at no charge. All students enrolled at these schools may participate in the breakfast and lunch program at no charge to them. Adult meals will be available for sale each day. Studies have shown that children who are not hungry perform better in school. By providing lunch to all children at no charge, we are hoping to create a better learning environment for our students.

The school breakfasts and lunches that we serve follow U.S. Department of Agriculture guidelines for healthy school meals. The School Breakfast and Lunch Programs cannot succeed without your support; please encourage your children to participate in the school meal programs.

- The cafeteria is operated as a service that provides nutritious meals for the lowest possible cost. School menus are published weekly in local newspapers, announced on local radio stations, and posted in the cafeteria.
- School personnel supervise lunch in the cafeteria and recreational areas.

Outside Food/Drink Policy

Students are not allowed to bring outside food or beverages into school. Snack items must be eaten during lunches and not in class, except for students with medical conditions, with documentation in the main office. These items should remain in a student's locker until lunchtime.

Parent and Family Participation and Communication

- The School Accountability Committee (SAC) addresses the academic and social climate of the school. We rely on the talents, interests, and abilities of students, parents, staff, and community members to contribute to the decision making processes of the school and to assist in producing a meaningful celebration of the Continuation to high school ceremony. This group works together with school administration and the Building Leadership Team to develop and monitor the Unified School Improvement Plan (USIP). We encourage parent and student participation.
- The school website and Facebook page has information and a **Parent Portal** is part of the Infinite Campus student information management system. Families can access data related to student attendance and performance.
- Teachers monitor student performance daily and post data in Infinite Campus weekly. Families are contacted if a student develops a pattern of failure to turn in assignments according to expectations.
- Specific data can be shared with students and families at any time.
- If you have questions about specific performance indicators, email or phone a teacher.
- At conferences, families can expect to see evidence of student progress.
- If your student is struggling with particular concepts or skills, a teacher will notify you so that you can work with us to help your student.

Social Media

- Use of social media (Facebook, Snapchat, Instagram, etc.) during school hours is prohibited.
- Student use of social media outside of the school day is per parent/guardian supervision and approval, however, RSA advises extreme caution as postings can sometimes lead to disruption of the learning environment.

- RSA is not responsible for student or parent misuse of social media. Administration will address any situation in which the safety and well-being of students or staff is at risk.
- RSA maintains a Facebook page to communicate with students, parents and the community. Parents are encouraged to 'like' the RSA page to receive updates and exciting news regarding the school. This page is closely monitored by the Administration and school representatives.

Textbooks

- Students are provided with textbooks for use in each class. It is important that these materials are cared for. If books are damaged, lost, or stolen, students will be held accountable to pay for each book they have used or checked-out. Fines will accumulate on student records and must be paid in order for students to matriculate to High School and graduate with a diploma.
- All text and educational materials will be available on-line. Students will have access to the on-line platforms as well as provided a Chromebook/device to use at school and at home.

Transfer or Withdrawal

- If a student withdraws from Roncalli STEM Academy during the school year, a CHECK-OUT SHEET must be completed. These are available in the front office. Fees and damages must be taken care of prior to the student being withdrawn from RSA.
- When transferring into Roncalli STEM Academy, grades will not transfer from the previous school.

Roncalli STEM Academy Bully Free Pledge

We, at Roncalli STEM Academy, believe that every individual should feel accepted for who they are and able to enjoy their time at our school free from bullying and harassment.

It's **bullying** when an individual repeatedly

- Uses physical force to hurt another e.g. by hitting, pushing, shoving, kicking, taking their belongings or stealing his or her money.
- Uses words or gestures to humiliate another e.g. by shouting, taunting, name-calling, teasing, put-downs, insults, threats and blackmail.
- Excludes or isolates another with the intention of hurting them e.g. through leaving them out, manipulating others against them, or spreading gossip or rumors.
- Uses technology or social media to cyberbully another in any of the ways described above

It's **harassment** when an individual targets another online or face to face because of their actual or perceived race, color, national origin, sex, physical or mental disability, religion, gender identity and expression, socio-economic status, physical appearance and characteristic, and sexual orientation.

I recognize that bullying and harassment hurts and is never justified as "just teasing" or "just playing." I acknowledge that if I stand by and do nothing, laugh, or post comments online when others bully, I have become part of the bullying problem.

I pledge to:

- Value individual differences and treat others with respect both online and face-to-face.
- Tell bullying individuals to stop when I or others around me are the target of bullying.
- Be an Upstander by walking away with the target and seek help by telling a trusted adult on campus or by placing a note or PACK Pad in the Wolf Box outside of the Counseling office if I cannot safely stop the bullying.
- Never take revenge or ask someone to hurt another that has reported bullying.

Our school takes a problem-solving approach to bullying. We have staff members trained as Bullying Prevention Coaches to bring together individuals to solve bullying situations.

JLCB: Immunization of Students

The Board directs the superintendent or designee(s) to annually provide parents/guardians of each student enrolled in the district a copy of the standardized immunization document developed by the Colorado Department of Public Health and Environment. The standardized immunization document includes a list of required and recommended immunizations and the age at which each immunization should be given.

No student is permitted to attend or continue to attend any school in this district without meeting the legal requirements of immunization against disease unless the student has a valid exemption for health, religious, personal or other reasons as provided by law.

Students who do not submit an up-to-date certificate of immunization or a written authorization signed by one parent/guardian requesting local health officials to administer the immunizations or a valid exemption will be suspended and/or expelled from school according to regulation JLCB-R.

All information distributed to parents/guardians by the district will inform them of their rights to seek an exemption from immunization requirements.

JLCB-R: Immunization of Students

1. No student may attend school in the district unless the student has presented to the school an up-to-date certificate of immunization or a completed exemption form. [Note: please refer to current standardized immunization documents developed and updated by the Colorado Department of Public Health and Environment for a list of immunization requirements and recommendations.] A student shall be exempted from required immunizations only upon submission of:
 - a. certification from a licensed physician that the student's physical condition is such that immunization would endanger the student's life or health or is otherwise medically contraindicated due to other medical conditions.
 - b. a statement signed by the parent/guardian or the emancipated student that the student adheres to a religious belief whose teachings are opposed to immunizations.
 - c. a statement signed by the parent/guardian or the emancipated student that the student holds a personal belief that is opposed to immunizations.

In the event of an outbreak of disease against which immunization is required, no exemption will be recognized and those students will be excluded from school.

2. The district will provide upon request an immunization reporting form. The school nurse is responsible for seeing that required information is included on the form and transferred to an official certificate of immunization as required.
3. If there is a failure to comply with the immunization requirements, the school nurse will personally notify the parent/guardian or emancipated student. Such notification will be accomplished either by telephone or in person. If this is not possible, contact will be by mail. Emancipated Students must be contacted directly rather than through their parents/guardians.

The parent/guardian or emancipated student will be notified of the following:

- a. that up-to-date immunizations are required under Colorado law.
 - b. that within fourteen (14) days of notification, the parent/guardian must submit either an authorization for administration of the immunization by health officials or a valid exemption or documentation to the school showing that the next required immunization has been given and a written plan for completion of all required immunizations.
 - c. that if the required documentation is not submitted within fourteen (14) days of notification or if the student begins but does not continue or complete the written plan, the student will be suspended or expelled.
4. A student who fails to comply shall be suspended by the principal for up to five days and notice of the suspension sent to the Health Department.
 5. If no certificate of immunization is received during the period of suspension, the superintendent will institute proceedings for expulsion.
 6. Any suspension or expulsion under this policy will terminate automatically upon compliance.
 7. Record of any such suspension or expulsion will be contained in the student's health file, with an appropriate explanation, not in the student's disciplinary file.

Any student expelled for failure to comply with the immunization requirements will not be included in calculating the dropout rate, but will be included in the annual report to the State Board of Education.

Students in out-of-home placements

The following procedure shall apply to students in out-of-home placements, as that term is defined by C.R.S. 22-32-138(1)(e).

Unless the district or school is otherwise authorized to deny enrollment to a student in out-of-home placement, the district or school shall enroll the student regardless of whether the district or school has received the student's immunization records. Upon enrolling the student, the school shall notify the student's legal guardian that unless the school receives the student's certificate of immunization or a written authorization for administration of immunizations within fourteen (14) days after the student enrolls, the school shall suspend the student until such time as the school receives the certificate of immunization or authorization.
